

ELTETE *C-PROFILES*™

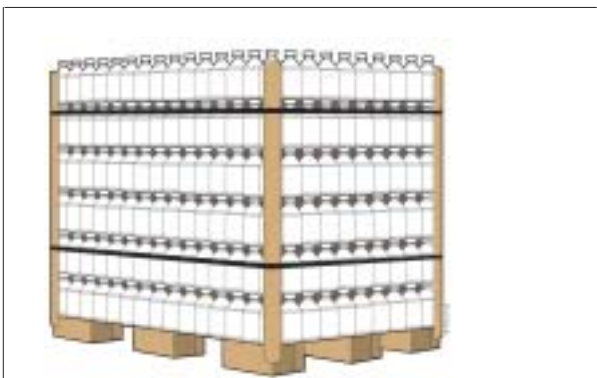

C-PROFILES FOR ROUND CORNERS

Eltete TPM Ltd has now developed a solution for round corners, which have traditionally been difficult to protect. With C-profiles you can easily protect and strengthen such things as paper rolls, textiles, bottles, cans, drums etc. The products are applicable also for the many shapes of furniture industry.

The surface can be provided in brown, white or aluminium colour and also with printing.

Width.....85mm
 Thickness.....2-5mm
 Length..... 50-3000mm
